Care is a team effort

Built on trust, warmth, and community

We believe that care works best when it's a team effort. From carers to hospitality colleagues, every member of our team joins forces with our residents to create a true sense of community. This feeling of togetherness is built on warmth, trust, and a shared goal - making every day brighter and more fulfilling for everyone who calls Claydon House home.

Great care starts with listening. We take the time to truly know each resident - your stories, preferences, and little comforts - so that every part of your experience feels personal. Whether it's those small, thoughtful touches that bring a smile or trying something new to spark joy, we're always ready to make each day special and meaningful.

Residential Care

- ◆ We believe in supporting your independence while ensuring you live life your way. Our team takes the time to get to know your needs, preferences, and routines, crafting a tailored care plan that fits seamlessly into your lifestyle. Whether it's knowing how you like your morning tea or making sure you can continue the hobbies that bring you joy, we're here to ensure each day unfolds just as you wish.

Respite Care

- ◆ If you're looking for a mini break from home, a chance to recuperate after a hospital stay or your carer needs a break, then our short stays are an opportunity to get a taste for life in our home with tailored around-the-clock support.

Palliative Care

- ◆ Our team are here to support our residents, their families, and loved ones as their care needs change. We can support those with a terminal illness to manage their symptoms, to feel as comfortable as possible and ensure they have an end of life plan to fulfil their wishes. Including psychological, social and spiritual support for everyone.

Connect Day Care

- ◆ Our Connect Day Care offers a welcoming space where you can spend time doing what you love. Whether you join us for just a few hours or a full day, we tailor the experience to suit your preferences. From arts and crafts to music sessions and social gatherings, there's always something to inspire and engage.

Dementia Care

Dementia may shape certain aspects of a person's life, but it never defines them. We see the individual first, providing compassionate support that encourages independence to nurture their passions. Through our Living with Heart, Loving with Care approach, we empower residents to live life to the fullest in a way that is meaningful to them.

Nursing Care

- ◆ For those who need a little extra support, our nursing care provides expert health management and personalised medication assistance. Each care plan is meticulously crafted to meet your unique needs, ensuring that every detail is attended. We're committed to creating an environment where you always feel well cared for, with your well-being at the heart of everything we do.

Meaningful connections

We're all about creating meaningful connections - not just between our team and residents, but with the wider community. Whether you're looking for companionship, want to try something new, or simply need a change of scenery, we're here to ensure your time with us is fulfilling and enjoyable. With flexible options, you can join us as often as you like, staying connected, active, and part of our vibrant, enriching community.

What's next?

We understand that choosing a care community for yourself or a loved one is one of the most important - and often challenging - decisions you'll ever make. At Claydon House we're here to support you every step of the way, making this decision as simple and stress-free as possible.

The best way to get a real sense of our home is to visit us in person. We'd be delighted to show you around, introduce you to our wonderful team, and walk you through the care we provide. Whether you have questions or just want to see what life here feels like, we're always happy to help. You're also welcome to join us at one of our regular coffee mornings - it's a great way to get a feel for the community and meet some of our residents

“

Since moving in, the change in our mum has been incredible. She has a special chair to allow her some freedom to move around the home, and in the short time she has been there, she looks so much better. The staff are amazing, friendly, and always greeted with a smile.
