Our caring team starts the day by ensuring everyone feels refreshed and ready, beginning with a nutritious breakfast of their choice. For those who love to stay active, the day might include a leisurely stroll in the beautiful grounds with fellow residents or visitors, a gentle way to soak up the fresh air and enjoy good company. Creative minds can join our regular arts and crafts sessions, while those with a passion for baking can indulge their love for the kitchen, recreating familiar favourites in our homely environment.

Care is a team effort

Built on trust, consideration and community

At Coxhill Manor, care isn't one-size-fits-all. Whether you need a little help with daily life or more dedicated support, our team is here to make sure you always feel comfortable, secure, and truly at home.

We take the time to understand what matters to you - your routines, your preferences, and the small things that make a big difference. Whether it's assistance with everyday tasks, a reassuring presence when needed, or simply knowing there's always someone to turn to, care here is built around you.

With a focus on dignity, choice, and well-being, our approach ensures that as your needs change, your support changes with you. Some residents come to us for light-touch assistance, while others require more specialist care - but every individual is met with the same warmth, respect, and thoughtful attention.

No matter what level of care you need, you'll find kindness, reassurance, and the confidence to live life your way, knowing you're always in safe and capable hands.

Residential Care

- ◆ We believe in supporting your independence while ensuring you live life your way. Our team takes the time to get to know your needs, preferences, and routines, crafting a tailored care plan that fits seamlessly into your lifestyle. Whether it's knowing how you like your morning tea or making sure you can continue the hobbies that bring you joy, we're here to ensure each day unfolds just as you wish.

Respite Care

- ◆ If you're looking for a mini break from home, a chance to recuperate after a hospital stay or your carer needs a break, then our short stays are an opportunity to get a taste for life in our home with tailored around-the-clock support.

Palliative Care

- ◆ Our team are here to support our residents, their families, and loved ones as their care needs change. We can support those with a terminal illness to manage their symptoms, to feel as comfortable as possible and ensure they have an end of life plan to fulfil their wishes. Including psychological, social and spiritual support for everyone.

Connect Day Care

- ◆ Our Connect Day Care offers a welcoming space where you can spend time doing what you love. Whether you join us for just a few hours or a full day, we tailor the experience to suit your preferences. From arts and crafts to music sessions and social gatherings, there's always something to inspire and engage.

Dementia Care

Dementia may shape certain aspects of a person's life, but it never defines them. We see the individual first, providing compassionate support that encourages independence to nurture their passions. Through our Living with Heart, Loving with Care approach, we empower residents to live life to the fullest in a way that is meaningful to them.

Nursing Care

- ◆ For those who need a little extra support, our nursing care provides expert health management and personalised medication assistance. Each care plan is meticulously crafted to meet your unique needs, ensuring that every detail is attended. We're committed to creating an environment where you always feel well cared for, with your well-being at the heart of everything we do.

Meaningful connections

We're all about creating meaningful connections - not just between our team and residents, but with the wider community. Whether you're looking for companionship, want to try something new, or simply need a change of scenery, we're here to ensure your time with us is fulfilling and enjoyable. With flexible options, you can join us as often as you like, staying connected, active, and part of our vibrant, enriching community.

“

What a great place for your loved ones. The home is set in a beautiful large garden, and as an old Manor house, all the rooms in the old section are all different. The staff are always so helpful and friendly and it's a nice relaxing place to go to visit. My mum also comments on how well she is looked after and feels at home, she enjoys the meals even though she is on a special diet. I would recommend it to anyone.
